

Deep Dive - Preliminary Reflections

Biggest Strength:

I am a quick learner, and learning new skills comes naturally to me

Biggest weakness:

Doing the things I need to do last minute

What do I need to become better at:

Using a calendar to structure my days and stick to the plan

What specific skill(s) is needed to do that:

The right motivation - or just organizational skills?

In this week - what kind of skills would I like to have achieved:

Making a plan, sticking to it and having a reasonable product in the end

Learning Goal:

Record and write a demo, make an identity - Logo, album cover, merchandise -

Become better at using Logic, releasing on Spotify
